

# CRAFTED BY GRAPHITE LAB

Graphite Lab is producing exceptional work for consoles, handheld, online and mobile markets.

We have delivered properties such as **Ben 10**, **Zhu Zhu Pets**, and **Sesame Street** to multiple platforms. Proud of our mix of licensed properties and new ideas; we build upon a solid library of past work and aim to extend this success to each of our partners.

We create all types games and art using a blend of traditional technique and modern technology.

## Console & Handheld

Our veteran team has nearly 40 published titles and over 5M units sold. In addition, the team has worked with 20 acclaimed clients for both domestic and international releases. We have a proven record of on-time and on-budget delivery across multiple platforms.

Our flexible team structure and efficient pipeline guarantee delivery of the best quality game for your budget and timeframe.

## Online & Mobile

Online games, Mobile, Social, or Download - our team delivers creative playgrounds that entertain visitors as well as educate. We're looking for opportunities to turn common online spaces into addictive, entertaining romps through the digital landscape.

We are your new partner in crime. Let's go take over the world.
